## A PROVEN BEGINNING FOR SCHOOL SUCCESS SINCE 1965

### KPMG Book Drive

KPMG recognizes the significant impact that books have on the lives of young children. In the 2012 holiday season, KPMG launched “Operation Bookitecture,” an exciting firm-wide community service project connected to KPMG’s Family for Literacy program. After collecting thousands of children’s books, KPMG’s Melville, NY office built a lighthouse of books and chose to donate over 350 brand new books to The Parent-Child Home Program.

PCHP distributed the books to children at the Center Moriches and Oyster Bay Parent-Child Home Program sites during their holiday celebrations, and was able to provide books to the two- and three-year-olds in the Program, and to their younger and older siblings as well. The project exemplified KPMG employees’ commitment to their community and the books brought smiles to every child’s face.
